Plot # 15, Block # B, Bashundhara, Dhaka-1229, Bangladesh

*Center of excellence in higher education*

Date: 31<sup>st</sup> March 2024

## Letter of Recommendation

I am delighted to provide this letter of recommendation for **Md. Tamzid Hasan**. I have known him well since 2021 when he was a master's degree student of public health at North South University. He received an outstanding grade while completing his graduation. He works as a research assistant at the NSU Global Health Institute, and I have found him to be quite passionate, enthusiastic, and honest about his work.

He is proficient in carrying out individual research projects. I supervised and teamed up him with another student as a research assistant to work on a project funded by the BRAC and implemented by the NSU Global Health Institute. He was affable to me while working on this assignment. Mr. Tamzid also put in sufficient work with me to be an author of manuscripts and published research articles with me in renowned international journals. He seemed to be a very self-assured, industrious, and proficient writer. He completed the tasks I provided him on schedule and accurately.

Mr. Tamzid is energetic, a quick learner, and has a pleasant personality. He also has good analytical capability. His work ethic and communication skills also struck me. As his instructor, it is my responsibility to make sure Mr. Tamzid takes great responsibility for his work and can work well under deadline pressure. He is a model student who exhibits the best behavior and diligent work habits. I have experience working with pupils who have similar academic backgrounds, so I know he will be able to demonstrate himself and go on to have a successful life.

Please do not hesitate to contact me for more information on Mr. Tamzid or if you have any questions regarding this prospect.

Sincerely,

**Azaz Bin Sharif, Ph.D.**  
**Director (Acting)**  
**Global Health Institute**  
**North South University**
